

QUARRY PARK ADVENTURES

The Great Scarecrow Contest

Win a grade field trip to Quarry Park Adventures by creating your school's own special scarecrow for the ABCIO Harvest Festival Great Scarecrow Contest!

Great Scarecrow Contest Rules

- One entry per grade level per school
- Scarecrow display may consist of more than one scarecrow or prop
- Friday, October 19 is the deadline for placing your scarecrow at the display zone at Quarry Park Adventures

Voting

All accepted scarecrows will be displayed at the park; however, a panel from Quarry Park Adventures will choose the top two scarecrows from each grade level as finalists. Voting will take place on Facebook through "likes" on individual photos of the selected scarecrows. The scarecrow with the most votes wins the field trip for the class. Parents, teachers, and school administrators are encouraged to like and share the photo on their Facebook accounts. Only likes on the actual scarecrow photo will be counted, not likes on individual posts sharing the photo, so be sure to include the instructions in your post.

Win a Field Trip

There will be a winner for each grade level from 1st grade through 5th grade selected from one of the 11 Rocklin USD elementary schools. The winning class will be announced on Monday, November 5. Everyone in the grade at the school, plus 10 chaperones, will be the guests of Quarry Park Adventures for a field trip or just for a fun day of zippin', soarin', climbin' and explorin'. Questions: Contact Sharon Thompson; sharont@quarrypark.com or (916) 750-1772 ext. 403.

The ABCIO Harvest Festival at Quarry Park Adventures features food, fun and fall festivities like the scarecrow maze, carnival rides, pumpkin patch, crafts and yummy delights for the whole family.

Let's give the area something to crow about!

Additional Great Scarecrow Contest Rules

Scarecrows should be designed, created, and assembled in majority part by the children from the grade level it represents. Adults are welcome to assist, but are encouraged to be as hands-off as safety allows. Quarry Park Adventures will not be making decisions based on or speculating on how much design or construction was performed by the children.

Scarecrows portraying controversial, social, religious, or political opinions or statements will not be accepted. Scarecrows are welcome to promote school mascots, school plays or events, or other community interests.

Scarecrows requiring power must include batteries and be pre-assembled. Quarry Park Adventures is not able to provide generators or any other power source. Scarecrows must be in good taste and constructed to withstand the weather, as they will be displayed outdoors between October 19 and November 11.

The adventure course elements require a minimum height of 48” and minimum weight of 70 pounds. Classes with children too small for these requirements can enjoy the Quarry Kidz Kove and the Miners’ Maze during their field trip.
